

# INNOVATIVE TOOL AND DESIGN CORP.

Innovative Tool & Design Cop. is your ISO/TS 16949 Certified Full Service Provider of Quality Stamping Parts and Metal Fabrication .

At Innovative Tool & Design Cop. we will see your project through from start to finish with top quality prototype product development and engineering services. State of the art equipment and processes we employ include:

- 32 Punch Presses up to 500 Ton
- Turret Press
- Press Brakes
- Long / Short Run Stamping
- MIG and TIG Welding
- Product Assembly

## Objectives:

- 1.- Meet all defined customer requirements in a cost-effective manner reflecting continuous performance improvement.
- 2.- Zero customer concerns.
- 3.- 100% customer satisfaction as measured by objective customer satisfaction survey scores.
- 4.-100% On time deliveries to customers schedules.
- 5.-Zero PPMs
- 6.-100% On time completion of production part approvals with decreases in average product development lead times.

Innovative Tool And Design  
 10725 Capital St.  
 Oak Park, MI 48237

## Our Quality Policyis

To Provide our customers:  
 Products with zero defect  
 On-time delivery and exceptional  
 service at a competitive price.

## Metal Stamping Specifications

Innovative Tool and Design has stamping, deep draw, welding hand and robotic, extrusion, forging, compression rubber molding, injection rubber molding, and machining capabilities. With contract manufacturing, prototype stamping and deep draw capabilities. We are committed to the automotive, and the electrical industries. We service not only the current market, but aftermarket, as well. We handle all aspects of a project, from stamping, coating, welding and assembly. As a TS 16949 certified company, we manufacture precision metal stampings, formed components, assemblies and sub-assemblies.

## Industry Focus

- Aerospace
- Agricultural
- Automotive
- Appliance
- Communications
- Commercial
- Consumer Goods
- Construction
- Electronics
- Energy
- Solar
- Wind
- Furniture
- Medical
- Military
- Semiconductor
- Telecommunications

## Industry Standards

ISO/TS16949  
 ITAR

## Additional Services Provided

- Assembly
- Consulting
- Networking
- Deburring
- Design
- Heat Treating
- Plating
- Packaging
- Painting
- Powder Coating
- Riveting
- Stress Relieving
- Tapping
- Trimming
- Welding
